Isiah supplies this Golden Text for the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston: "The question, 'Are sin, disease, and death real?' is the subject. John's Gospel relates that a nobleman, whose son was sick at Capernaum, besought Jesus, saying, 'Sir, come down ere my child die.' Jesus saith unto him, 'Go thy way; thy son liveth. And the man believed: the word that Jesus had spoken unto him, and he went his way. And as he was now going down, his servants met him, and told him, saying, 'Thy son liveth.' ... Yesterday at the seventh hour the fever left him. So the father knew that it was at the same hour, in which Jesus said unto him, 'Thy son liveth; and himself believed, and his whole house.'"

"Jesus strips all disguise from error, when his teachings are fully understood," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." She also says, "The humble Nazarene examined the supposition that sin, sickness, and death have power. He proved them powerless."

Chronic Illness Bring Serious Problem To VNA

That chronic illnesses in the home bring serious problems to families is demonstrated by the large number of such cases as- sisted by the Visiting Nurse As- sociation during the month of September. In Torrance arth- ritis, cancer, and heart disease form the balance of illnesses re- quiring the nurse's attention, it was said. However less well known diseases are also being treated. Rheumatic heart dis- ease requires a long period of care and often the nurse gives advice to the family on changes in the household or in the daily routine, for the comfort of both patient and family. Undulant fe- ver also presents many prob- lems to a family group.

Recently the visiting nurse has been giving treatment to polio patients after return from the hospital.

The Visiting Nurse Association is accustomed to giving care to patients over a long period, although only one visit per day to each family is planned. Nursing care is on an hourly basis and there are a few where the patient is able, to pay; otherwise the cost is borne by the Victory Chest. All patients must be under the su- pervision of a regularly licensed physician.

To arrange for a call from the Visiting Nurse telephone Torrance 1405.

Burglars Fail To Crack Safe

The Torrance Laundry, 1842 Carson st., was burglarized be- tween 10:30 p.m. Oct. 4 and 7:00 a.m. Oct. 5, police report. Thirty dollars in cash was taken from the cash register and an attempt was made to pry open the safe, police said.

The burglars entered through the rear door of the offices by prying it open, investigation re- vealed, but the thieves gave up the safe as a bad job after suc- cessfully trying to enter.

Landing Craft Still Needed By Navy Dept.

Although the war is over, the navy still has use for the hun- dreds of landing craft stored in the boat pool just above Lomita in Palos Verdes hills, officials said yesterday.

Lt. Robert T. Leigh, officer in charge of the boat pool on the Naval Fuel Annex grounds at Palos Verdes dr. and Western ave. said:

"The boats still fill a definite need in forward areas and bomb- blasted ports. They are being used as liberty boats and to transport supplies from anchored ships to boat pools." When the fleet comes to San Pedro, most of the officers and men will be transported ashore in these boats. The LCM type land- ing craft makes an ideal "liber- ty boat" as it can transport as many as 120 men.

The pool provides boats to be sent overseas on tankers as deck cargo and also turns new boats over to ships to fill life boat requirements and to replace damaged or worn-out craft. Some repairs are made at San Pedro but major repair jobs are sent to San Diego.

YOU WERE YOUNG ONCE
Those dots and dashes you heard early this morning didn't mean the end of daylight saving time. It was only Junior and Dottie—signaling their return from the Junior Prom.

DISTANCE
The average motorist these days is "Only a Foot From Trouble" two inches from the horn and three jumps behind the nearest pedestrian.

Baked Custard
Here's the versatile basis for many deli- cious and nutritious desserts. Try them all for completion of mealtime enjoyment.

Standard Recipe
3 eggs, slightly beaten 1/2 tsp. salt
3/4 cup sugar 3 cups milk

1. Combine eggs, sugar, salt and milk. 2. Turn into greased custard cups or baking dish. Place in pan of warm water and bake in moderate oven (325° F.) 50 minutes or until a clean knife inserted in center comes out clean.

Coffee Custard
Decrease milk 1/2 cup, and substitute 1/2 cup of double strength coffee.

Butterscotch Custard
Use brown sugar instead of granulated white.

Chocolate Custard
Heat 1 1/2 squares unsweetened chocolate with milk until melted. Beat until blended, and add with other ingredients.

Honey Bread Custard
Decrease milk 1/2 cup, substitute 1/2 cup honey for sugar, add 1 cup bread cubes, and 3/4 tsp. lemon extract.

Chocolate Nut Bread Pudding
Heat 1 1/2 squares unsweetened chocolate with milk. Beat until well blended. Substi- tute brown sugar for white. Combine chocolate milk-mixture and sugar with slightly beaten eggs. Add 1 1/2 cups bread cubes and 1/2 cup chopped nuts.

Mother Goose... up to date
Poor Mrs. Hubbard went to the cupboard To get her fresh milk in a hurry But when she got there The cupboard was bare But it won't be for long So don't worry!

Blame "the Big Three," Lady!

When you can't get all the milk, or other dairy products you want... blame "the Big Three" for the shortages.

No, Truman, Atlee and Stalin aren't the ones we mean. Nature, Military Demands, and Popu- lation are "the Big Three" responsible for occasional inability to fill the dairy prod- uct needs of Californians.

Milk production naturally decreases about this time of year. There is less feed for cows: many of them are "drying up." Even with the war over—millions of men in the Pacific still need dairy prod- ucts. The Western area must furnish prac- tically all of this staggering quantity of dairy products.

California's population during the war years swelled by more than a million. Most of these prosperous and hungry newcomers are still here, and add to the normal dairy-product demand.

The best we can do is parcel out the available supplies as fairly as possible. Your grocer—or your milkman—is do- ing his best to see that you get your fair share. So please don't blame him for a situation beyond his control.

And remember... the dairy products you do get will be the very best if they bear the Golden State name.

You strike it RICH in Golden State!

Please return empty milk bottles. Right now there's a shortage of milk bottles that's so serious some folks may even have to do without milk unless empty bottles are returned promptly. New bottles are practically impossible to get. Please return empties to your Golden State man or to your grocer.
